Vacancy for Parent governor

Why become a Parent Governor? Governors have an important part to play in helping schools to run effectively. They work as part of a team with the Headteacher and school staff to help provide a happy, safe and thriving learning environment and an excellent education for all the children. As a Parent Governor, you will be well placed to understand parents' views and have first-hand knowledge of how the school is run. You will have the opportunity to work toward improving the school experience not only for your own child but for children in years to come. This voluntary role can be challenging yet extremely rewarding and is a great way to build on your personal and professional skills. You will be supported in the role through a programme of training and mentoring allowing you to use your knowledge and experience to the full extent.

If you are interested in finding out more, please contact the school office.
