

Year 6 Extended Project

History: North America – The women who helped to build NASA

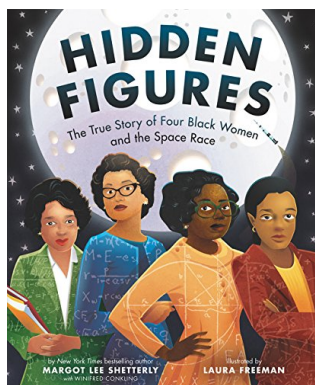

Your Task is to research about the women who helped build NASA

- Find out who these women were.
- Why were they so significant for NASA?
- What difficulties did they face?
- How have they been remembered?

There are many ways you can present your project. It could be a PowerPoint, Art work, a video etc. Try to be creative as possible.

This is something to work on every week and not to be completed in one day. Do a little bit at a time.

There is a Hidden Figures story book that you could read:

There is also a film. The film is rated PG so please ask your parent's permission before watching it.
